1. Read the following passage carefully and answer the questions. (10)

Have you heard people saying that the 'rupiah makes the world go around? Do you know the story of the rupee? The word rupee comes from the Sanskrit term 'Rupya' or 'Rupa' which means silver. The very early coins before the second century BC, were all made of silver but the coins were neither of any standard weight nor had any face value printed on them. It was Sher Shah Suri who first gave the name "rupia" to the silver coins. The last silver coins were minted in 1940 with the face of King George VI on them. In 1942 the silver coin was replaced by a cupro-nickel coin for the first time. Money was invented by man to get power but now money has become more powerful than man. All over the world, money and power go together. The more money a person has, the more successful he is judged to be. A rich man is accepted by society even if he is corrupt or evil. Man works hard to earn more and more money and saves a lot of it. He thinks that money will give him more freedom to enjoy himself and to have lots of fun. He thinks he will not be anyone's slave but be his own master. But soon he becomes the slave of money. The more he has, the more he wants. He is never satisfied with what he has got but always wants something more even though he knows that in the end, he cannot carry anything with him. Money can buy everything but it cannot buy peace or happiness or a ticket to heaven.

Papaya is the healthiest fruit with a list of properties that is long and exhaustive. Papaya favours digestion as well as cures skin irritation and sun burns. You can munch on it as a salad, have it cooked or boiled or just drink it up as milkshake or juice. The most important of these virtues is the protein-digesting enzyme in the milky juice or latex. The enzyme is similar to pepsin in its digestive action and is said to be so powerful that it can digest 200 times its own weight in protein. It assists the body in assimilating the maximum nutritional value from food to provide energy and body-building materials.

Papain in raw papaya makes up for the deficiency of gastric juice and fights excess of unhealthy mucus in the stomach, dyspepsia and intestinal irritation. The ripe fruit, if eaten regularly corrects habitual constipation, bleeding piles and chronic diarrhoea. The juice of the papaya seeds also assists in the above-mentioned ailments.

The juice, used as a cosmetic, removes freckles or brown spots due to sunlight and makes the skin smooth and delicate. A paste of papaya seeds is applied in skin diseases like those caused by ringworm. The black seeds of the papaya are highly beneficial in the treatment of cirrhosis of the liver caused by alcoholism, malnutrition, etc. A tablespoonful of its juice, combined with a hint of fresh lime juice, should be consumed once or twice daily for a month. The fresh juice of raw papaya mixed with honey can be applied over inflamed tonsils, for diphtheria and other throat disorders. It dissolves the membrane and prevents infection from spreading.

नोट- प्रश्न पत्र के चार खंड हैं। प्रत्येक खंड के उत्तर अनिवार्य है।

प्रश्न-1- निम्नलिखित गद्यांश को पढ़कर नीचे दिए गए प्रश्नों के उत्तर दीजिये – सादगी एक विशिष्ट गुण है। भले ही आधुनिकता की चकाचौंथ में फँसे व्यक्तियों को यह अवगुण या मूर्खता लगती हो। सादगी अपनाने पर हमारी अनावश्यक इच्छाओं-लोभ, लालच आदि की समाप्ति हो जाती है। सादा जीवन में हमें संतोष की प्राप्ति होती है। हमारे सम्मुख अनेक महापुरुषों के उदाहरण हैं। महात्मा गाँधी ने इंग्लैंड से वकालत की डिग्री हासिल करके भी 'सादा जीवन और उच्च विचार' का बेहतरीन उदाहरण प्रस्तुत किया। डॉ. राजेंद्र प्रसाद भी वकालत की डिग्री हासिल करके तथा भारत के राष्ट्रपति बनने के उपरांत भी सीधे-सादे ग्रामीण जैसा सादा जीवन बिताते रहे। वैचारिक दृष्टि से वे बहुत ऊँचे थे।

हमें भड़कीला जीवन जीने की लालसा नहीं करनी चाहिए। इससे विलासिता, प्रदर्शनप्रियता, दंभ, अहंकार आदि की झलक मिलती है। फैशन प्रदर्शनप्रियता का ही एक रूप है। इससे हमारे अन्दर दंभ एवं अहंकार की प्रवृत्ति पनपती है। इनसे हमारा व्यक्तित्व दोषपूर्ण बनता है।
